

PETERBOROUGH HORTICULTURAL SOCIETY

Volume 155

November 2016

Number 9

Wednesday, November 23, 2016 7:00 pm

Our November meeting will hopefully see our table laden with delicious goodies to share donated by members. Please remember your **non-perishable foods** we donate to Kawartha Food Share. Last year we had a total of 137 pounds of food. Let's see if we can beat that total this year! Each year we also bring **mitten, hats and scarves** that will be shared with Crossroads Woman's Shelter and the Salvation Army. This year we are also asking for **clean, used socks and gloves** for the men (no holes please). They will go to Brock Mission. This idea came from another Hort. Society, so let's give it a try. Thank you all so very much.

❖ **Donna O'Brien and Annie English**

Speaker: David Beresford "Bugs in the Garden"

David Beresford is an Assistant Professor at Trent who teaches entomology (the study of bugs) and invasive species biology. His research focuses on insect pests of livestock and wildlife, as well as insect biodiversity in Northern Ontario. The website "Rate My Professor" ranks David as a solid 4.7 out of 5 for awesomeness with comments such as "such a nice person, most amazing prof at Trent" and "Great Prof, would

take all of his courses if I could", and "Hands down my favourite professor at Trent". One warning that could be a predictor of his talk to us is "careful, he has a tendency to get off topic and tell stories about flies, and his research in flies". We welcome his passionate talk to us about his bugs!

Wanted: A few good Board Members (1 or 2)

It's that time again when we are organizing our new Board of Directors for the coming year. We welcome anyone interested in joining the Board and becoming more involved in either the PHS Board or the Garden Show. In particular this year, we are looking for someone with an interest in community grants, the library, and/or scholarships. The term of involvement is generally 2 years. It would entail a meeting on the first Wednesday of the month (except July and August) at 6pm for a two hour planning session, plus some organization and leadership for a specific function of the Board. We are a fun bunch and the meetings are to-the-point and productive. We also meet for a potluck at least once during the year. If you'd like to get involved and get to know us better, please contact MJ Pilgrim at mjpilgrim@live.ca or 705 652 6993.

❖ **MJ Pilgrim**

LUGAMUG: Don't forget to bring your coffee mug and wear your **Name Tag** to our meeting.

Fleming Park

Last Wednesday, we arrived at the park to put it to sleep for the winter. As promised, a crew of arborists from the city had been the previous week to give the park a haircut! Many large limbs were removed from trees, so you may not recognize it. The dedicated team will get a break for the winter too, and look forward to a group luncheon in a few weeks. Thanks so much to **Greg and Lorraine Barrow** and **Susan Leask** and to **Norma Gorling** who moved to Ottawa and plans to look for volunteer work there.

Annual General Meeting – November 23, 2016

For the purpose of keeping our AGM as brief as possible, we are attaching a couple of items to this newsletter that need to be approved by the membership at the AGM. We ask that you read these to be informed ahead of time as they will not be read at the meeting.

- 1) Minutes of previous AGM from November 2015
- 2) Treasurer's Annual Report: a copy of the Auditors' Report for 2015 will be available at the Library desk for anyone interested. The 2016 Auditors' Report is with the accountant now and is in the process of being completed. It can be accessed at the Library area once complete.

Membership

Remember to renew your 2017 membership at the table at the entrance of the Lions Centre. You will receive your name tags at the January 2017 meeting. No forms to fill out for those renewing this year.

I would like to welcome the new 2017 members who joined in September and October: **Will Read, Joyce and Mike Higgs, Diane Cancilla, Liz Crangle, Carol and Karen Foster, Dawn Pond, and Grace Williams.**

Looking forward to seeing everyone at the final meeting of 2016.

❖ **Membership: Cathy Lowes**

Beautification Grants

On the thank you board this month there is a personalized note of thanks from the Peterborough YWCA Nourish Program. With the money they received, they planted 2 urban pulse gardens (assorted beans) to use for harvesting the seeds for replanting as well as using them for cooking in group sessions.

You will also see a St. Joseph's at Fleming long-term care home newsletter that mentions our name in print. They opened a new pathway recently that surrounds the building. In past years, they were also a recipient of some community grant dollars which they used for many plants in their gardens that now enhance the pathway.

See how our Garden Show benefits so many people in our community!!

Garden Show Committee

Behind the scenes there is much activity in preparation for our next Garden Show on April 5th, 6th and 7th. We have some changes to our Show Committee for 2017. We would like to welcome new members **Linda Stedwill** and **Etela Vojnic** who are taking over the big task of Media and Publicity. Our thanks to **Margaret Higgins** who worked so conscientiously on this area for 6 years.

Also new is **Deb Fraser**, our new person in charge of Advanced Ticket Sales who replaces **Dianne Tedford**. Our thanks to Dianne who handled this new position last year.

Finally, **Pat Freistatter** has taken on the role of organizing Speakers for the Show. Our thanks to **Rachel Burrows**, our past Show Coordinator, who was in charge of arranging our excellent roster of Speakers for the Show.

Finally, **Donna O'Brien** will be undertaking the huge responsibility of Volunteer Coordinator along with **Joan Harding**. Joan has so many commitments as Coordinator of the Master Gardeners, Bus Tour organizer and previous Volunteer Coordinator, so Donna's involvement is greatly appreciated. Expect to hear more from this dynamic duo shortly!

❖ **Garden Show Chair Pat de Villiers**

2016 Scholarships!

At our November meeting, we will be awarding \$1000 scholarships to these deserving students:

Anders Fish is currently finishing his fourth and final year of Honours Bachelors of Science in Sustainable Agricultural and Food Systems. He has worked on many farms -- in his hometown of Antigonish, Nova Scotia and in Spain and France as part of the Worldwide Opportunity on Organic Farms (WOOF) program. Throughout his degree at Trent, he has worked at the Trent Vegetable Gardens and the Seasoned Spoon Cafe which, together, create a sustainable food system and an important educational resource. His passion for agriculture has led to his engagement in faculty-supported and self-directed research into vegetative-damaging air pollutants, and potentially novel and sustainable fertilizers. In the future he hopes to complete a Masters degree with an emphasis in sustainable agricultural methods in the developing world, with application for adaptation to climate change.

Megan Kitchen gained her initial horticultural experience with various high school green industry classes, an employment position at Gardens Plus and a cooperative education placement with the Invading Species Awareness Program. Since then, she has expanded her experience by volunteering at Peterborough GreenUp in Ecology Park as well as employment at Griffin's Greenhouses where she worked for two consecutive summers. After three years studying at Fleming College she has completed the Ecosystem Management Technology Program, receiving a diploma as an Ecosystem Management Technician and Ecosystem Management Technologist. As a final project for the program she worked in collaboration with the City of Kawartha Lakes Environmental Advisory Committee to lead a team of students in creating a pollinator monitoring program report. This report emphasized the importance of pollinators (such as butterflies, moths, birds, beetles etc.) and promoted the installation of pollinator beds with native plant species. For the summer of 2016 she worked at the Otonabee Region Conservation Authority as an Environmental Technician Assistant. Here she had the opportunity to participate in many events engaging the community and school groups with activities such as tree plantings, pollinator presentations and shoreline restorations. Currently, she is attending Trent University to pursue a Bachelor of Science in Environmental Science.

Lauren MacTavish is currently attending Trent University pursuing a Joint Major in Sustainable Agriculture & Food System Studies and Sociology. While at Trent she has volunteered at the Trent Vegetable Gardens and The Seasoned Spoon Cafe where she has been able to gain knowledge of a local food system and gardening. She is interested in food insecurity and food programmes within Canada and the localization of our food systems. In the future, she hopes to be able open a food cooperative to help farmers sell and consumers to buy more local products and increase food security in communities.

We have also recently awarded \$100 scholarships to two deserving high school students in our area:

Kenner -- Madge Harris Award: Katrina Lane

TASS -- Olive Isaac Award: Shawn Mills

❖ **Scholarships Committee:** Julie Burch, Donna O'Brien, Diane Raper, Karen Strano

I was just sittin' here enjoyin' the company. Plants got a lot to say, if you take the time to listen. ~Eeyore

Did You Know? (according to EcoWatch.com)

- 1.** The earth has more than 80,000 species of edible plants.
- 2.** 90 percent of the foods humans eat come from just 30 plants and the selection of these plants doesn't have anything to do with their nutritional benefits.
- 3.** The world's largest farmers have pursued certain crops because they can grow a lot of them more quickly, easily and inexpensively to turn a better profit.
- 4.** 70,000 plant species are utilized for medicine.
- 5.** Only one percent of rainforest plants have been studied for medicinal potential.

Lest we forget.
